

One of the many challenges of a shoreline church is the change of seasons, especially a season like this past summer with an ever growing recurrence of excited new faces fully engaging and participating in every activity from liturgy to fellowship. It was exciting to witness the deepening of relationship in Christ with love and faith grow. The enthusiasm for our shared mission and ministry was overwhelmingly genuine and good. The spirit is alive and well at St. Mary's. Peace and harmony abound in Christ on our Sunday mornings. I am grateful for each and every one. Your shared gifts, encouragement, love and support of our little church are deeply felt and will be missed over the fall and winter. I will carry each of you in prayer.

May our faith and hope in Christ sustain us all until we meet again.

Blessings, Mo. Allison+
